

The **BIG** solution to your supply chain needs

Truckload & LTL Services

The highly skilled and dedicated team of multi-modal logistics professionals at MEGA has over 150+ years of senior level experience with freight management and distribution.

We operate from a state-of-the-art, real time system platform that can provide the visibility you need on your shipment through enterprise level tracking, monitoring and notification.

MEGA is committed to providing a productive, cost effective and advantageous relationship for all our customers! No one provides truckload capacity and LTL discounts like MEGA SCS!
